## LUNCH AND RIG TOUR A BIG SUCCESS!!

Thirty-five Society members and their guests enjoyed a beautiful, sunny, warm afternoon at Calgary's Heritage Park on Thursday, August 24th. After meeting at the park gates and taking a leisurely stroll to the Wainwright Hotel, everyone enjoyed a delicious, three-course lunch in the hotel and the congenial company of like-minded people.

After lunch, we walked over to the cable tool derrick, a working replica of the Dingman discovery well at Turner Valley. Here Tom Warke and Jim Lamb demonstrated the operation of the rig, comparing it to today's rotary systems, and answered the innumerable questions.

While the rig tour was the highlight of the afternoon, no one missed an opportunity to visit with old friends and make new acquaintances. It was a very enjoyable outing!

Special thanks are extended to Jack Porter for handling the registrations, Micky Gulless for getting us all organized, and to Tom and Jim, volunteers at the Heritage Park wellsite, for their knowledge, enthusiasm, and patience.

### The Petroleum History Society September Luncheon

*Alberta's First Gas Discovery*  
1883 at Langevin Siding
