

# Canadian Petroleum History Bibliography

by Doug Cass

[dougscass1952@gmail.com](mailto:dougscass1952@gmail.com)

## Introduction

This bibliography was created over several years as an aid to a variety of PHS projects as well as my work at the Glenbow Archives. It aims to include all publications and audiovisual products from the Social Sciences and Humanities. Most government documents are excluded as they are accessible through Library and Archives Canada. I would like to thank my PHS colleagues for their contributions and suggestions, including David Finch, Peter McKenzie-Brown, Clint Tippett, Peter Savage, Micky Gulless, Frank Dabbs, Aubrey Kerr and Jack Porter. I would also like to acknowledge the assistance of Calgary book dealers, Cameron Treleaven and Tom Williams and former *Oilweek* editor Gordon Jaremko. Historians David Breen and Robert Page also provided important references. Any bibliography such as this is never complete and I would welcome any items that can be added.
